

## **The Hermetic Oath**

In the name I AM THAT I AM, my beloved Holy Christ/Buddha Self, and beloved Hermes Trismegistus, I, \_\_\_\_\_, do solemnly affirm that I believe in and shall obey the three laws of magic: the law of records, the law of affinity, and the law of the backlash. I shall perform magic solely for the benefit of others according to God's wisdom, love, and will. I promise to strive to be always conscious of my every thought, feeling, word, glance, and body language so that only positive vibrations of love, peace, harmony, and joy emanate from my aura. I will daily consecrate all of my tools of magic, my possessions, and my entire being and dedicate them to the service of the Universal Brotherhood and Sisterhood of the White Light for the establishment of God's kingdom upon Earth, as above so below.

I seal this oath in white fire and blue lightning and place it in the secret chamber of my heart. I will abide by it forever, so help me God!
