### The World Economy & the Threefold Social Organization

#### **Purpose:**

*The World Economy and the Threefold Social Organization* contains keys essential to your victory “in all things.” It will also make clear the vital role you can play in transforming our current social order into a new age of freedom and enlightenment for yourselves and your children.

This course teaches equality of rights in political life, freedom in cultural life, and cooperation in economic life. You will be given three keys to mastering your personal economy now, even while the world is still operating under a system of global economic domination. A landmark course on power, wisdom and love as politics, education and economics, it lays the foundation for a divine social order.
