Theme: We will commune with the Archeiai of the Seven Rainbow Rays as we focus on raising the Mother Light, the kundalini. Each archeia, in order of the seven rays, will provide teaching on and examples of the raising of the Mother Light on her ray. Faith, Christine, Charity, Hope, Mary, Aurora and Amethyst together will weave a rainbow of light composed of the accelerated energies of their own outpicturing of the feminine archangelic aspects of divine love. As this is facilitated for each student through the HeartStreams, sharing and darshans, our Mother Earth, as well as women everywhere, will be the beneficiaries of this action—causing a long-term shift in the social, political and spiritual freedom and enlightenment of women of all races, cultures and religions.

Weekly Class Format: During the first 5 minutes of each class we will give the appropriate prayer to the sponsoring archeia from the *Rosary of Faith* seven times. During the next 30-40 minutes we will hear directly from one of the archeiai through David. For the next 30 minutes we will discuss in further detail what the archeia shared as well as the students' experience during their meditation in preparation for the class. The archeia may ask the students questions related to the raising of the Mother Light on her ray. During the next 30 minutes the archeia will field and answer questions from the students. The last 15 minutes will be reserved for any final thoughts or inspirations and to review the homework assignments for the next class.

Homework: Meditate on the ray of the archeia who will be presenting during the upcoming class and intuit how the raising of the Mother Light within yourself and within the Earth may be felt and experienced through the lens of that ray. See your kundalini rising and nourishing each chakra within your body temple and work with the archeia to cleanse all blockages and release all past misuse of this sacred and sacral energy.
