We will discuss many keys and formulas to understand and achieve true spiritual motherhood, pass all our tests, balance 100% of our karma and begin to walk as God-women and God-men on Earth!

Course Objectives

- Discover what spiritual motherhood means and looks like on the path of initiation.
- Explore the attributes of joy and how we can magnetize them, and increase them in our worlds and daily lives.
- The mother is practical. Discuss techniques from the ascended masters' tool kits to accelerate us on our spiritual path to oneness with the Divine Mother.
- Share our experiences of joy on the path of Self-mastery.
