Course Description

In this course we will explore the power of soul prayer. Can soul prayers cause synchronistic events to occur? Synchronicity: "The simultaneous occurrence of events which appear significantly related...." Oxford Dictionary. Using Astrology where you see your Natal/Birth Chart impact your psychology, we discuss how synchronicity can clue you into the Trickster and help you navigate the Dark Night of the soul. Example of synchronicity: You are thinking about someone and suddenly they call you. Are synchronistic events intentional? If synchronicity is intentional what does that imply for us as co-creators with the Universe!

Synchronicity brings a greater power into your life to intervene and plug you into your power, your true Self, if you pay attention. "Dear Universe, my own I AM Presence, bring me the healing to see that which I am resisting. Show me the way." The next synchronistic event is your answer...pay attention!
