Prayer # 60.020

I Let Go of My Old Nature

"In Jesus' name, I claim the resurrection fire as a purging energy flushing out all that is unreal, a spiritual catharsis of my past entering into the etheric fire of transformation, never to be welcomed back or recreated by me. I invoke Jesus' resurrection fire now to help me let go of all that is

nefarious, worrisome and troublesome. I only look to my perfectionment and self-realization. And I say to my lesser self: "O my old nature, I require you no more to be the captain of my ship. I am setting a new sail and course of light unto my God. I am resurrected this moment within my I AM Presence! And I am free to behold God face to face to know who I am in God. And I release you permanently into the fire, O, Dweller-on-the-threshold of my ignoble nature, my synthetic image. You have no longer any sway or power within my life to control my actions, thoughts, feelings, and words. God is in control now, for I have assented to a new divine course of oneness. And I live in these eternal fires of perfection joyously, reverently, holily, as I have embraced my I AM God Presence this day and now live in the eternality of this spiritual quickening in joy and in love with my Lord"

Clearance for the Four Levels of Consciousness

First Step

The violet laser light consists of the pink and blue light that is the Omega and Alpha of our being at the level of balance to restore oneness within. We call to the divine masculine and the divine feminine of all divine beings as there is never a being without the masculine and feminine qualities (twin flames). As the equality of the divine masculine and the divine feminine is what is missing from our entire consciousness being and worlds, simply because this information of our true nature have been withheld from us from those who have put themselves in position of leadership in church, state and government. This vital information has infiltrated itself in every walk of our life and has created the unbalance world that we now live in. It is what is necessary to restore the balance of the these divine qualities in all life and at all levels of our being.

First Level of Consciousness: I AM releasing into the violet-laser light all subconscious blocks in my etheric body----cause effect record and memory----from this and past lifetimes. And I accept the alignment of my etheric body, one with my Higher Self and attuned to infinite power, love and mastery now! * I AM a being of violet-laser light. I AM soul freedom in Divine mercy bright* (7x--one for each chakra)

Second Step

The five Dhyani Buddhas and their female counterparts of the Aqua-Teal Ray (the Aqua-Teal Ray is a combination of the green ray of healing and the power of the water of the mother), to heal and cleanse all that is blocking us from living from our original blueprint of being.

In the Name of the I AM that I AM, I call to the Five Dhyani Buddhas and the Buddha of the Aqua-Teal Ray and their female counterparts to manifest your living strength, your light, your wholeness and your ever-flowing consciousness within and around me. Send your angels to be with me, to walk with me, talk with me and stay with me. Let aqua-teal waters stream into the

depth of my being, permeating all layers of my consciousness. Fill me through and through as I pray:

*O living waters of aqua-teal light Stream forth through my being so bright.

O living waters of sacred fire Purge me now and raise me higher.

O living waters, O musical stream, caress my being; now through me gleam.*

(7x one for each chakra)

Third step:

Call to Jesus and Magda (twin Flame of Jesus) to wash you clean;

Wash me clean, O Lord this morn. I am in your love reborn.

Spin my chakras with your fire. Now I live in Divine-desire.

Raise me in your sacred ray. Perfect wholeness now hold sway.

As I vow to serve the light, Jesus, Magda, shine your light.

Wash me clean, O lord this night. Make my aura pure and bright.

Spin my chakras with your fire.

Purge from me impure desire. Raise me in your sacred ray.

Perfect wholeness now hold sway.

As I vow to serve the light, Jesus, Magda, shine your light!

Second Level of Consciousness: I am releasing into the violet-laser light all subconscious blocks in my mental body-----cause effect record and memory---from this and past lifetimes. And I accept the alignment of my mental body, one with my Higher Self and attuned to infinite control, obedience and wisdom now! *(Repeat step 1, 2 &3)*

Third Level of Consciousness: I AM releasing into the violet-laser light all subconscious blocks in my emotional body----cause, effect, record, and memory----from this and past lifetimes. And I accept the alignment of my emotional body, one with my Higher Self and attuned with infinite harmony, gratitude and justice now! *(Repeat step 1,2 &3)* Fourth Level of Consciousness----I am releasing into the violet-laser light all subconscious blocks in my physical body----cause effect record and memory----from this and past lifetimes. And I accept the alignment of my physical body, one with my Higher Self and attuned with infinite reality, vision and victory now!

(Repeat steps 1, 2 & 3)

So be it. It is done! Hear O Universe, I AM grateful.

After you have cleared and cleaned up your chakras from all negative energy, you can then call forth the mother light/the kundalini/the sacred fire that is at the white fire core of your being. The mother light contains the all of who you are. We do not want to prematurely raise your kundalini energy before you have cleaned up your chakras as it will stir up the old negative energy that surrounds your chakras. This exactly what you do not want. When you feel like you are ready and pretty clean you can proceed to the next step of raising the mother light.

O Mother Light Arise!
